

Be On The Lookout For Lemons For Life™ - All Things Lemony Throughout The Year

January

After the holidays, it's time to get back on track. Lemons are one of the healthiest items in the grocery produce aisle. Check out our easy health tips

February

February is the month of love and beauty, and lemons provide a number of benefits for skin and hair. Couples can enjoy lemon drop martinis and eye-catching complexions.

March

Spring is just around the corner and consumers around the world are opening windows, shaking out the dust and setting up the shine. Natural green cleaning solutions have become increasingly popular. Don't toss that Limoneira lemon after its added zip to the recipes. It still a green clean machine!

April

Limoneira celebrates Earth Day this month and our sustainably grown lemons have been grown using solar energy, water saving strategies, beneficial insects and mulch. They're picked and harvested by employees that have access to good housing and educational opportunities.

May

Where would we all be without Mom and this month we celebrate her. We offer time saving tips and great recipes to allow her more "me-time".

June

Graduation means accomplishment and perhaps additional skill attainment. In June we take a look at the changing world of agriculture and careers that are possible in feeding the world.

July

Summer offers infinite possibilities for in-nature pursuits. BBQ;s, al fresco dining, hikes and bike-rides are just a few and we offer easy, delicious ways that lemons can add to the fun.

August

International Youth Celebration showcases global cultural bonds that new generations are forging. We highlight several of them this month.

September

Back to School means back to learning and this month we offer lessons on easy/tasty nutrition for kids lunches.

October

Autumn is ghoulishly good and in October we feature sweet treats that don't waste the waist.

November
